

GREENSCENE

Late Spring 2011

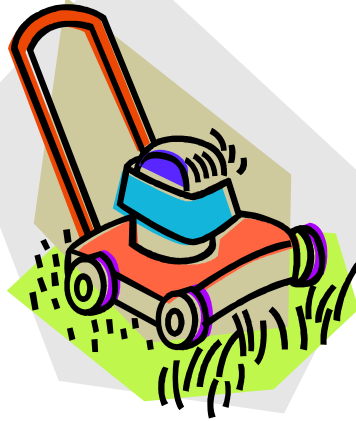

Today Your Lawn Was Treated With:

Today we applied fertilizer with 40% urea nitrogen. This nitrogen will not leach and will remain in the root zone until the turf needs it. Included in the fertilizer is sulfate of Potash. Also annual weed control was applied, not just to stop crabgrass, but also goose grass, spurge and oxalis. We also applied **merit insecticide which is a systemic product and will prevent billbugs, sod webworms and grubs** for the entire season. We sprayed any broadleaf weeds and we can usually get excellent control this time of year. This application should be watered in after 24 hours to get the best results. You can mow your lawn after 24 hours, but **DO NOT** catch the clippings.

NOW is a GOOD Time to.....

- **Raise** mower height to 3".
- **Mow weekly** with sharp mower blades and use different patterns.
- **Mulch trees and shrubs** as it can benefit plants by helping conserve needed moisture, weed suppression and keeps the ground cooler.

■ If you have insect and pests trying to invade your home, call us @732-2395 ITS NOT TOO LATE to schedule a perimeter pest Application !

"What is a weed? A plant whose virtues have not yet been discovered."

— Ralph Waldo Emerson

Perimeter Pest Application

We can apply an insect spray band 6 feet around the foundation, overhangs, and other hidden areas of your home. This is effective against Ants, fleas, ticks, spiders and Asian beetles that are present. The standard timing is late spring, summer, fall and late fall. You can choose how many you would like and they may be started at any time. Applications are 39.50 + tax for most homes

LANDSCAPE CENTER

Our nursery and landscape center is located at 425 E 5th St. in Storm Lake (on the west side of our building). We carry a full line of nursery stock plus everything you need to do your landscaping. Our nursery includes perennials, evergreens, shrub roses, flowering shrubs, shrubs for hedges, shade trees and ornamental trees. All of our plants are 'Northern Grown'. They come from Minnesota so they are **hardy** for our Iowa winters. Every plant in our nursery carries a **warranty**. To finish your landscape job we carry edging, cottage stone, landscape fabric, rock and mulch. We can also design a plan and do the installation for you.

OUR GRASS IS ALWAYS GREENER
